**Design Mentor Hires Yannone as Sr. Consulting Engineer**

Pelham, NH - April 9, 2004 – Design Mentor, Inc. hired John Yannone as Sr. Consulting Engineer. In addition to his R&D engineering assignments, Yannone will be involved in new business development.

Yannone brings with him nearly fifteen years of experience in the electronics and medical device industries including several start-ups. He holds a Bachelor of Engineering from Stevens Institute of Technology and has furthered his education at the University of New Hampshire and Georgia Institute of Technology.

Design Mentor, Inc. specializes in multi-discipline design consulting services and offers specific knowledge in the development of user-friendly, sophisticated microprocessor-controlled medical products and disposables. For more information, contact John Yannone at (603) 459-0719.
